U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on OCTOBER 16, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
OCTOBER 17 - 23, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of October 27, 1977 (based on reports from exporters for the week ending October 16 unless otherwise noted).

Exports continued to be affected by the longshoremen's strike.

Wheat: Export market interest continued modest as total sales rose by 391,700 metric tons (MT). Brazil was the largest single customer, buying 101,300 MT of Hard Red Winter. Other major buyers included Japan, the EC and Taiwan. Numerous small contract adjustments and destination changes were reported. Sales for the next marketing year (MY) registered a small increase in the unknown category.

Corn: Sales activity (588,800 MT) was moderately heavy with unknown destination sales accounting for nearly half the total increase. The EC, Mexico, Japan and Taiwan also added significantly to earlier purchases. Reported contract adjustments and destination changes were of limited importance.

Barley: The market was fairly quiet. Total sales to Iran rose by 16,200 MT as the U.S. was nominated as the seller on optional origin sales. Contract adjustment reduced total MY sales to unknown by 14,500 MT.

Oats: Export activity continued moderate for the third consecutive week as small sales were reported to Belgium, Switzerland and unknown destinations.

Sorghum: New sales were primarily to Japan (24,300 MT) and unknown destinations (63,500 MT) with unknown reporting the largest increase.

Rice: It was not a particularly outstanding sales week. Indonesia purchased 10,000 MT of medium-short grain under commercial terms. Several Mid-Eastern and North African countries added small amounts to earlier purchases. Optional origin sales of 16,000 MT to Senegal were assigned to the United States.

Soybeans: Japan accounted for over half the 279,100 MT net increase in sales. The EC also added significantly to purchases. Exports of 292,900 MT went primarily to the EC and Taiwan. Initial exports of the MY went to Switzerland and Greece.

Soybean Cake and Meal: Sales activity receded after last week's surge with small sales to a number of destinations. Exports (45,400 MT), jumped sharply from the level of the previous week, going primarily to the EC and Canada.

Soybean Oil: The Netherlands was the major customer adding 9,100 MT to weekly sales. Peru purchased 5,500 MT. Continued sales to the EC reflect their unusual interest in U.S. soybean oil this MY. Optional origin sales were reduced by 5,000 MT as sales to the PRC were assigned other origins. Exports totaled 13,200 MT for the week, with 5,000 MT going to Bangladesh (Title I, PL-480).

Cotton: Sales returned to a more leisurely pace after last week's surge. Indonesia (10,700 RB) was the major customer followed by Hong Kong, Japan and the EC. Reported exports of 36,600 RB went principally to Korea (17,500 RB).

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
